POLLINATORS AT WORK

RENT MASON & LEAFCUTTER BEES
RELEASE BEES • RENT NESTING BLOCKS

DO NOT DISTURB

Mason bees have been placed in this area to help our habitat and ecosystem grow stronger

DO NOT STING – They don't make honey and have no hive or queen to protect, so they are non-aggressive.

ALL FEMALES ARE QUEENS – They are solitary bees, each female lays her own eggs and finds her own nest.

BELLY FLOPPERS – Mason bees BELLY FLOP onto flowers and get pollen all over their body hairs called SCOPA.

INCREDIBLE POLLINATORS – Mason bees visit 2,000 flowers a day and pollinate 95% of everything they touch.
